GERMAN COURSE A1–C2

Two levels, one book, and the app one scan away.

Deutsch A1 takes you through A1.1 and A1.2 the way the course does on screen: the idea in one line, the rules with their examples and diagrams, the words with their articles, a quick check, and then the practice. Listening, dictation and speaking live in the app; every unit carries a code that opens exactly the recording or the exercise you need.

A1.1 · Erste Schritte

- Introduce yourself and others; say your name, where you live, what you do
- Ask and answer simple questions about a person
- Name everyday things with the right article, in the singular and the plural

A1.2 · Im Alltag

- Talk about your day and tell the time
- Order, shop and pay; ask for things politely
- Say what you can, must, want and may do
